

Warren's extreme cleaning event of the year is September 11 -18 -- five days of lugging every man-made thing under the sun out of the Allegheny River and two of its tributaries. Five days, 31 miles, free canoes, hundreds of volunteers and all the appliance hauling contests you can stand. Last year's haul included 18 mattresses, five folding chairs, four street signs, 7,200 pounds of metal, 285 tires ... eek! It went on and on. And there was plenty of stuff we left behind for 'this' year so be sure to come out, get grubby and help take care of one of America's Wild and Scenic Rivers!

Support this community effort by ordering a commemorative tee shirt.

For only \$10, you get a high quality tee shirt you will want to wear every day. Get yours today!

Your contribution helps with operational costs to keep this event going and growing!

Shirts are super soft and comfy, made of pre-shrunk 50% combed ring spun cotton, 50% recycled polyester.
